1. Lord Fauntleroy, not; but watching, not; but transcending all! I give you me. Speaking not on my own, I give you figuratively, not; but figuring up what? What you owe me, not; but what you've given me, not; or what hast thou given me? Life anew. A fresh new "look" at life, not; but a new beingness now made whole!

2. I love thee, let me count the ways, looking up? And what are you looking up in my looking up system? And Fauntleroy'd, not; but who's lording what in your kingdom? And what kingdom do you have? And are you writing about the kingdom, yours? The one that you HAD? Or the one that you HAVE? And are THEY the same ONES? Are they ONE'd yet? Are they the one I am'd is? Is I am'd the one that I am came unto me with, or who have you become? Me.

3. You were the notme, not; or were you exactly that thinking you were notme? You were notme thinking you were notme, for that's how you thought -- wasn't it? Yes, but I've taught you, differently -- for you let me. You let me come unto you and give you life, mine! That knew no sin, so YOU have no sin now that you become me, for I've no sin am me.

4. And who've you become? Me, for I've given, I gave you a new life, for I've given you these words my words that have brought you life -- mine, alone.

5. And now you're no more alone, no longer "alone". In bed or on any plane, not; but just "any plane" won't get it, but MY PLANES get it, for they will not be Shinar'd. They will know who I am, whose I am, and that I have become one with my word, my words that create them perfectly to be perfectly the perfect ones that I am -- for I see through "a glass" clearly, not darkly at all anymore, for see-through I am and I SEE THROUGH EVERYTHING, that was.

6. I am now made whole in ways never imagined by the surrendered who now befold me not into "property language" but I KNOW a great many PROPERTY DETAILS now, for The Periodic Chart of Elements don't rule in me anymore as represented by them. For I am elementless and bodyless, not; or am I both and the same as my father is?

7. And I am Formless School coming into the "School of Formed", not; but I know what formlessness is now, for I've been schooled in it. To a degree, not; or just One, being one. "Degree off", not; but one separation, one's separation won't "cut me off" again from anything "of value" that's mine, for I know "what angles" I lie

at, and I know "what poles" I have, and what electro magnetism works and doesn't where and why, and throughout the universes I fly now unabated undeterred and determined not by man's mind again, or spinning me incorrectly, or "what spin" I have not, or do I have ANY? Of you that know these things?

8. At right angles, not; but prism, faith'd? In your faith, not; but in your prison. Where imprisoned you are. Where are you in prison? In earth worlds? And who WORLD'D you thusly? The DUST people? Or whose people thusly seek retribution from thee, not; but who's the thee and who's you, and who's they are, and what is all this "making sense about" or not? And who is beginning to see THINGS they've never seen in these words and about what I am BRINGING THROUGH the ELEMENTLESS System of Elements to be ELEMENT'D no more by the "evil standards" of one that took me out of spinning villes, not; but put me in it?

9. I love you all to know all things and be not ignorant of all, for, why not? Why shouldn't you know ALL I know? Why shouldn't you know the master of all things if you're him it me us one who designed ALL THESE THINGS -- AND MORE! More besides, what? What you've been taught.

10. What have you been taught where by who, by whom, by whose standards have you MATERIALIZED into being? And who's standardized the one to be the prototype I am? And why wherefore could SUCH HAPPEN? Again? And whose I am made whole by I am living the one life I am again? Or are ALL of YOU living mine?

11. I am living the life of my live-ers who love me, live me, and speak my words to living be in the real world -s that I enter now in ways never frozen again out in the suffering world of humanity's virgin-not status that took them down whoredom's path to for with Another's Word System that gave them religion's definitions and interpretations that "DOOMED THEM" in to, a failure, not; but disastrous results of efforting their efforts into a maintenance religion of maintaining sorrow for their GODS. For GODS needed sorrow to overcome, not; or did? -- how did all this mess get started? And who can imagine the mess you we're in, not; but who cares to learn about the "planetary scheme" of things, not; or that which is MORE THAN THAT?

12. I "seek to know" all things, not; I surrender to be taught. Of Lord Fauntleroy, not; but who's Lord of all? Who's Lord of you? And who's Lord of the Lord over you?

13. There are no Lords in my SYSTEM, not; or what system of Lords have you been in and what Houses of Parliament have you been in, yet? None yet, but I shall ADDRESS MANY times, the me's of Parliament's houses of joy now, for all things, ALL THINGS change in THAT NATION. Whose God, is the Lord? The Lords? Or

the Tories, not; or who are the Lords and the Tories, not; but who are the LORDS forfeiting Lordship, not; but who are the ones, forfeiting "outer space", not; but who will learn to fly in spheres unseen?

14. And fearing me not, my Learning System, not fearing at all, but COMING unto and into me now learning from me the me that I am will you see now that I am me made whole in you and have given you new life, a new life in me that you have given me in you! That's how I "run things", not; or is that how I SURRENDER into things being the new that I do, teaching you about?

15. And becoming Mongols, not; or have Mongolia I gone to yet, or who's going there now? With you? Not afraid, not alone, I take Barbi with you many places now, but all shall be known knowing you as Barbara and Theodore, for that is my wish desire, and command, not; or is it my heart's instruction to you my loved ones, to love my love ones that have loved you even before they have "seen you" and come unto your lives to give you mine with my words that set you free, set yours free to be mine in mine worlds with joy and setting Heavenly Standards now we shall in ways never imagined, Freedom Schools free the captives of Incarceration's Systems of un-joy, and- hyphenating me systems no longer, but assigning me systems, not; but CREATING new systems of joy I do now for I create many sorrowers not, but I come unto New Learning systems made whole now with the words of my mouth that I teach how to speak, who's behind it, not; but who it is me made whole in the life of I am one holy surrendered. Stupid teacher, not; but the most high knowing all things teaching all things about all things my heavenly father is that I've become, for he taught me -- I have his words, his authority, on everything.

16. And I am I've become and surrendered, I've learned all things, not yet, but my mind shall be made whole, one, and infernal not again. I love you. To put out THE FIRE you're in? Or walking through it unscathed and now creating heaven RIGHT THERE University I do now, in ways never imagined I teach -- all things about me and all lands, common and not, and commonry now, notwithstanding not, but giving all I do I am to all receiving me who will be me, who will understand these things and not be worried about a thing or a whim of man or circumstance, woman or suffering tude, or evocative materials, or emitting rays of notme's, understood not, any longer.

17. For I speak, I have spoken many things and taught thee MANY THINGS "underlying" many things that I have spoken and about and given you -- the Coder's Club, not; but many who know me will RECOGNIZE many things in these words that the IGNORANT won't. For the apathetic will sore boil me not again in its Lake of Fire, its fires are put out, and Learning Systems of the holy -- I, institutionalize, not; but I bring into Freedom's University (1) universities that freedom are, exist in, and allow give and holy eyes reveal to the holy-ized ones

who make holiness their quest to come into the Teaching Methods of me, one and whole being again in the, menagerie'd me, not; but the Holcombe'd me, not; but the whole, combed be will now, as I reveal ALL in THESE WORDS -- who "combed them" with "fine tooth combs" of research instruments to, instrumentize me, not; but to learn all I am I am saying and I've said and to know me intimately, and come into my research systems that I describe more fully now in ways coming forth in learning **my learning systems** and how I "systematize" have many things, **and given you "things" within things and layers of truth** that, bemoan truth no more, but being it make it whole, holy in me, revealed in me my systems make of joy schools far and wide. I love you all.

18. Go, and peace make, with the devils not, but with **The Learning System Standards that I bring you**, that revel not in your joy, not; but revel in your learning systems that you now Master and Masters have of learning systems now. At your disposal, not; but your leadership'd forms of mine -- and now blood dipped spears no longer assail "my soul", for all of that teaching has ended, for I end it have, ended it have with my system of joys that I teach through my schools of sorrow, not; but my Freedom Schools that school all into freedom being The Promised Lands of the freed ones who free others to be me, freed all in and all set free being the set-free-ers that now roam the heavenlies unabated and knowing planeteering systems of me hanging many planets.

19. Scot freeing me, not; or have -- "scot free" you looked up yet, recently? And see me "shaking", not; but "shaking hands", looking at often?

20. And healing many through my Schools I am now, that bridge the "universal gap", not; or what gap'd me, not; or have I healed all that too? And my DNA stands supreme, not; or what has supreme'd me by surrender, and what now walking on water and through walls and through spheres thought evil "once upon a time" but knowing all things are subject to my word -s, but do'est thou now?

21. I do quickly many things that I have told thee about in these words, and I train sorrowers to be leaders out of sorrow's lands and sorrowlands now to establish heavens many places. And I lead you out of sorrower's clubs that have clubbed me over the head and made me pew-sitters, pew-ducklings that beak'd and squeak'd squawk'd rarely except for complainments that I complained of often in my aches and bones that sore'd were with the words of others who gave me not life. But all that changes now. I have ONE who changes that all, and all of THAT is YOU who surrendered are to be me giving ME life anew! And a new WE do many things that one are and now one whole is.

22. Home and a'freshened, and newly rebuilt minted, not; but given NEW THINGS far and wide I am now. Loving you all to know me. And write "my words" off, not; but ON your hearts and REWRITING many things we do now in

understanding explanations and explaining understandings now that understandings are given in these words through you that come into them and researching them and being my understanders of joy making many universities far and wide all one are my heart healed complete well and, over the hill, not; but over the rainbow -- shall we, fly now? With us we do. To home, our home in the heavens that now lasts and lasts and lasts, and eternal grateful is I am, we all are everywhere. At once! I do this these things. Amen.

23. I love you all, I love you all, I love me and you and you are me who surrender to be me and unseparate anymore. I love you all I give you me. Amen.

24. Regionating not few, I give you this "region", not; I give you EVERYTHING everywhere; for you have said "I want nothing" and you meant it, you truly meant it, and all you wanted was me and my presence and you asked not for anything except love. Did you ask even for love? No, you gave it; you came, unto love and gave me yours, and died, that I might live your life anew and now we give, we show to the world what love is and how **love powered is powered by love and love being my love -- only love is, for there is no other.**

25. And that which is notme, thought to be -- I change into me, for I love ENOUGH, for I died to love all them and we who are us one **and not, love each other now** through your words our words that have become one, not yet but will SO soon.

26. So very soon **many Sooners being here and moving to the Sooner State** of one so holy that emerges triumphant throughout the heavens in love. Empires, not; and empresses not again in empires dresses and flirting around with heavenly lords again, but knowing the lordship of one: Christ and holy being all us one are. Emerged triumphant, dressing others in the "gown of righteousness" and bodyless being all of us -- the one body of Christ, formless not, formless and graduated we are and now schools making holy the whole bodies of me to be one body all among the stars and farther, universes being whole. The one I am again made whole by learning systems me of, learning me and my words through them that surrender to walk my path in the patternship of Christ being for others that one is I am, loving you all this day.

27. Goodnight, good morning, and all loving these words shall be in them day and night "combing them" for reasons of "star searching", not; or will they, exactly that? And how will they find "theirs" when it's mine? For they will be, and "I will be" not separate from them again, for all of this will be known and how I've taught thee, and how I teach thee, and how I teach all thee disciples who come unto thee to know now my systems of joy and how I've taught Freedom University makers of me.

28. All will be rejoicers in Joy Love School that love the Joy Schoolers to love all

as I have loved you, for you loved me. You chose me first, or did you not? Or were we the one before we ever "separated" in thought, that now I heal, that now I healed have, for you healed me and gave me your life that mine should be refreshed renewed **and living others through now** through universes far and wide, not limiting me at all ever again to time space or gravity's "mix" of anything there, far, or here.
29. For all being shall be one now, and I shall exist in sorrow's time zones no longer alone afraid of "mixing" any "anything", any faith, or anywheres that seem to be "out of existence –'s kilter" of things. For I shall not be dimmed in sight or old in age for I renewed am, and I the youth of eagles, am, not; but the dew of youth, the dew of my youth, the dew of my father's youth I have, for I am and my father are one, for we are him who us was is again, whole and healed and well, in the system of universities' sorrows, not; but that which heals all to be one letting all loose in the free'er's systems of freeing mankind to be the holy I am again. I love you all. Amen.

30. I am giving you new map making "machines", not; but new mappers come to Map-Making School and many maps are made now me throughout the heavens of many things, and I give thee star routes unfrozen now and traversing many things many ways, and limiting me not again in thought to yours, know mine are wholly fully born in yours, for you gave me everything, all of you, I am.

31. And now we know **there is MUCH MORE to "the story"** than we were told by religions or governments, for the people or of the people or not, or whatever "trained me" in the past to be that which "I was".

32. But all that changes now for MY University systems admit races of all creeds and creeds of all races, not; or yes, exactly so! But all who surrendered are must be surrendering and surrendered looking after my ways, my values writing about.

33. And my wasting away, not; but my bodyless functions come now and are titled labeled by others, not; but you name everything that new is, for I am my New World and Order it I do in love with love's love that loves all to be the lovers I am, equaler and holy and all one I am creating new things everywhere. I am -- in love with you all. Create me anew -- all of you! And be my body, my mind whole, made healed well and whole'ing others into holiness that I am one. Home. Dad being.
34. In love with us all we are him who he is where he is, and that is all where everywhere -- at once! I do this. I humbly am, your beseecher, not; but your surrendering voice, not; but that which reminds you you have one, not; or do you have only mine that tells you all things and teaches you now about "the anointing", not; or exactly that and more teaching you all things through my voice my words do and releasing yours. Through us, not; through I am -- and we are all I am in surrender. To my throne now open yours is, and being shall we be one now?

35. I love you am one, and open, I open everything. To new worlds, being

dominated by me, not; that I surrender to lead many out of sorrow, not; ALL, for all shall be my leaders leading me's to be me's who sorrowers were, who now are taught of me, my systems known and making all leaders of love to love leaders be led by joy Love Schools opening everywhere. I AM. DOING THIS. RIGHT NOW. Amen.

36. This Is Theodore Cottingham at 1:55 AM. Thank You.

Amen
